(B.)

WELDON, 15th Nov. 1834.

To the President and Directors
of the Board for Internal Improvements.

GENTLEMEN:

I have the honor herewith of transmitting to you the Annual Report of the President and directors of the Roan-oke Navigation Company, with accompanying documents, intended to have been submitted to a general meeting of said stockholders on the 3d instant. The State of North Carolina being without representation, a majority of the stock owned in the company was not represented; so that no general meeting was held as contemplated. A dividend not exceeding 1½ per cent. will probably be declared by the board of directors next week, who are authorized to act upon failure to hold the annual general meeting.

Very respectfully,

A. JOYNER, Treas'r

Roanoke Nav. Comp'y.

REPORT

Of the President and Directors of the Roanoke Navigation Co.

The undersigned, Directors of the Roanoke Navigation Company, in the absence of a quorum of their body, offer the following Report to the stockholders in general meeting assembled:

Since the last annual meeting of the stockholders, the line of lockage at this place, connecting the water in the basin with the river below, has been completed, and boats have passed through them; but we regret to be obliged to state, that owing to the frequent freshets which occurred during the past spring and summer, and the sliding or caving of the banks consequent thereon, some slight injury has been done to the lower lock, and will require some repairs. The work however, will occasion but a trifling expenditure of labor or money, and the injury will not in the mean time interrupt the passage of boats.
